THE ENVIRONMENTAL JUSTICE TEAM OF THE UNITARIAN SOCIETY OF RIDGEWOOD INVITES YOU TO:

A CONVERSATION WITH MAYA VAN ROSSUM

NJ GREEN AMENDMENT:
A NEW TOOL FOR ENVIRONMENTAL PROTECTION AND JUSTICE

ZOOM DISCUSSION
Wednesday, April 28, 2021
7:00pm - 8:00pm

Our current laws are designed to accommodate pollution, rather than prevent it, with poor, migrant and minority communities particularly hard hit. NJ is is one of the first states to consider a Green Amendment to the State constitution that would bypass the laws that have failed us and turn to amending the ultimate authority - the State constitution.

Join Maya van Rossum, attorney, author, Delaware Riverkeeper, and Founder of Green Amendments for the Generations, a grass roots movement to secure constitutional recognition and protection of environmental rights in every state energizing a new agenda for environmental advocacy. Visit forthegenerations.org for more information.

Learn what you can do to promote our right to clean water, clean air, a stable climate and healthy environment. It’s time to secure those rights for ourselves and future generations.
